Are you looking for the most comprehensive and effective way to prepare your child for the 11+ CEM Maths exam? Look no further than our 11+ CEM Maths Practice Assessment Tests Ages 10-11!

Our practice tests are designed to provide your child with a realistic and challenging experience that will help them identify their strengths and weaknesses, and build their confidence in the lead-up to the actual exam.

## What's Included in Our Practice Tests?

- **11 full-length practice tests**, each with 40 questions, covering all aspects of the 11+ CEM Maths syllabus
- **Detailed answer explanations** for every question, so your child can learn from their mistakes and improve their understanding

- **A progress chart** to track your child's progress and identify areas where they need extra support
- **Expert tips and advice** from experienced 11+ Maths tutors

## Why Choose Our Practice Tests?

- **Our practice tests are written by experienced 11+ Maths tutors.** This means that you can be sure that they are accurate and up-to-date with the latest exam specifications.
- **Our practice tests are designed to be challenging but achievable.** This will help your child to build their confidence and identify areas where they need to improve.
- **Our practice tests come with detailed answer explanations.** This will help your child to learn from their mistakes and improve their understanding of the 11+ CEM Maths syllabus.
- **Our practice tests are affordable and accessible.** We believe that every child should have the opportunity to succeed in the 11+ CEM Maths exam, regardless of their background or financial circumstances.

## How to Use Our Practice Tests

We recommend that you use our practice tests as part of your child's regular study routine. Here's a suggested schedule:

1. Start by completing one practice test per week, gradually increasing the frequency as the exam approaches.
2. Encourage your child to review their answers after each practice test, and identify areas where they need to improve.

3. Use the progress chart to track your child's progress and identify areas where they need extra support.
4. Make sure your child is familiar with the 11+ CEM Maths syllabus and the types of questions that they can expect to see on the exam.
