Aligned with National Curriculum

Our New KS1 Maths Year Targeted Question Workbooks are meticulously aligned with the latest National Curriculum standards for England. This ensures that the content and questions reflect the skills that your child needs to master at each year level.

Year-by-Year Approach

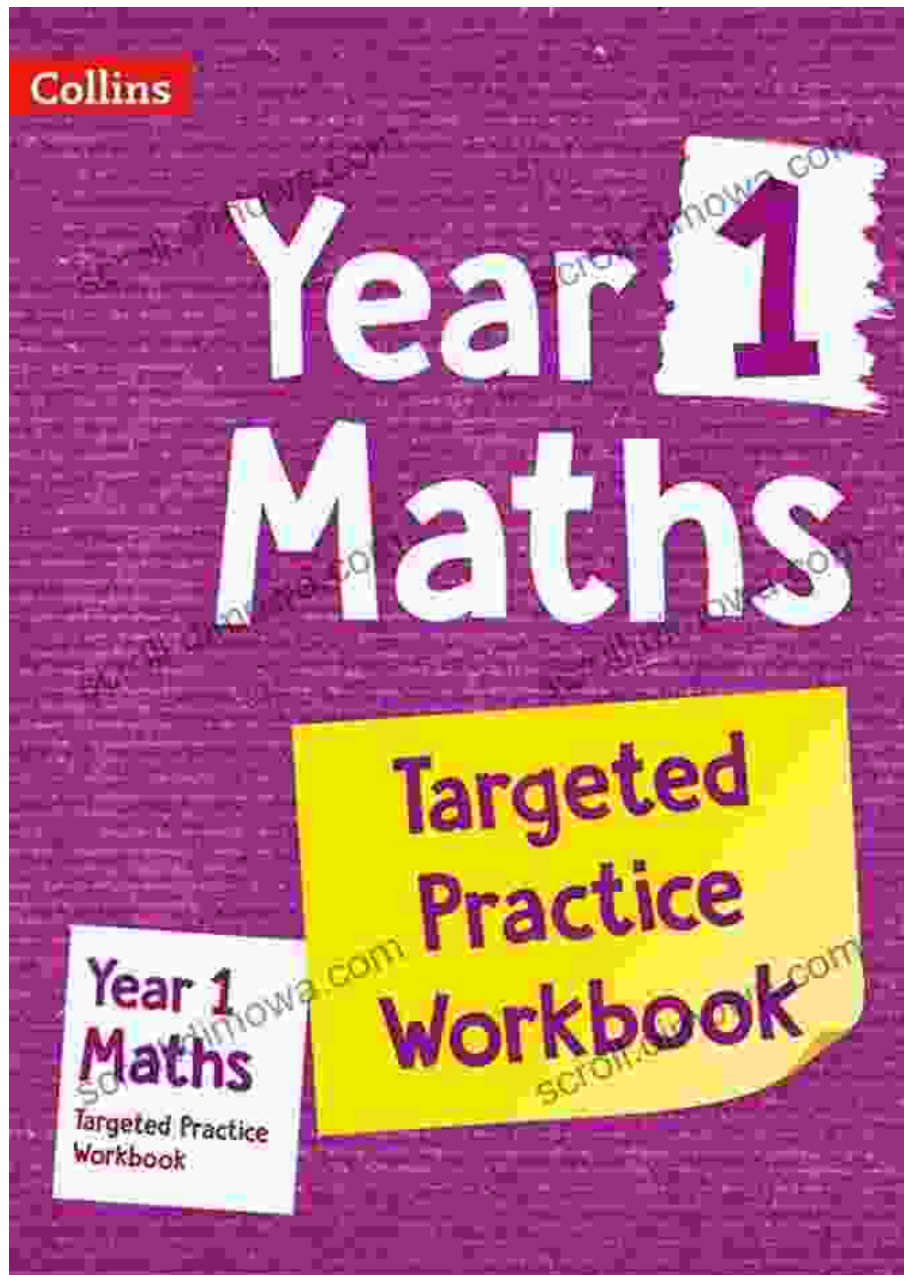

The workbooks are carefully structured to target the specific skills required in each year of KS1. This allows you to focus on the most relevant topics and provide tailored support for your child's mathematical progress.

Year-by-Year Coverage

Year	Topics Covered
Year 1	Number and place value to 20, addition and subtraction to 20, measurement, geometry
Year 2	Number and place value to 100, addition and subtraction to 100, multiplication and division to 50, fractions and decimals

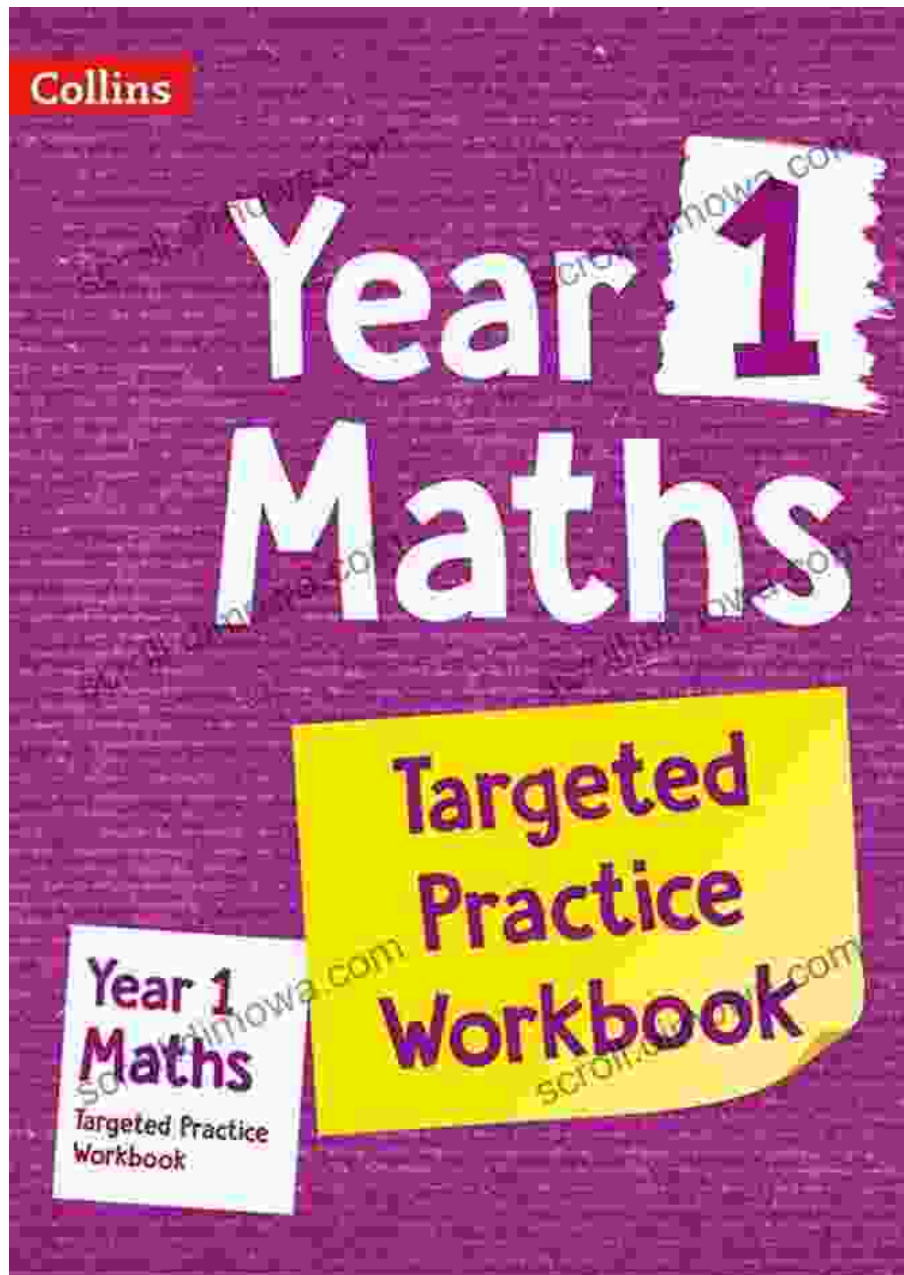

Engaging and Accessible

We understand that learning maths should be an enjoyable experience. That's why our workbooks are filled with engaging activities, colourful illustrations, and motivating challenges. The questions are presented in a variety of formats to cater to different learning styles and keep children engaged.

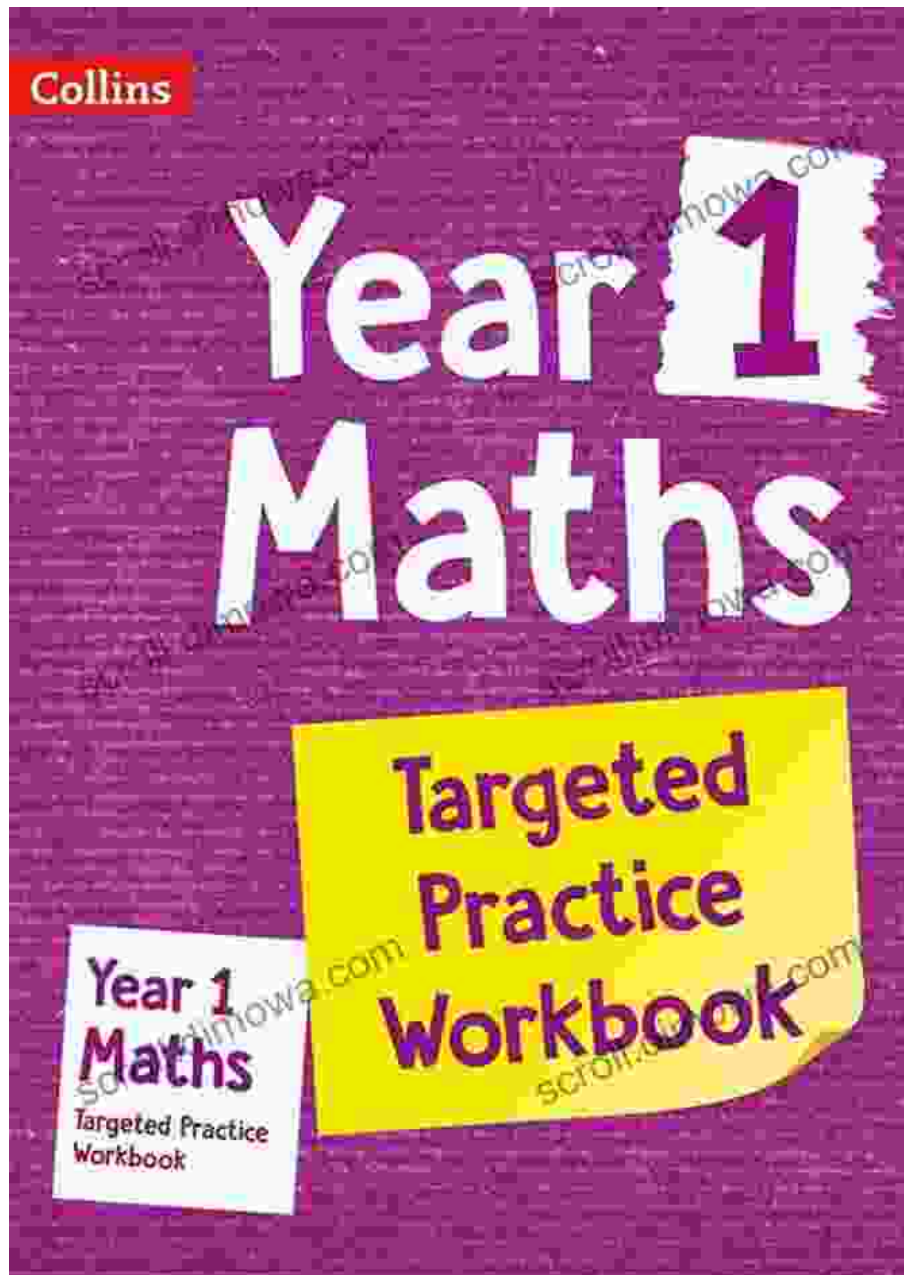

Expertly Authored

Our New KS1 Maths Year Targeted Question Workbooks are authored by experienced maths teachers who have a deep understanding of the KS1 curriculum. Their expertise ensures that the content is both accurate and age-appropriate.

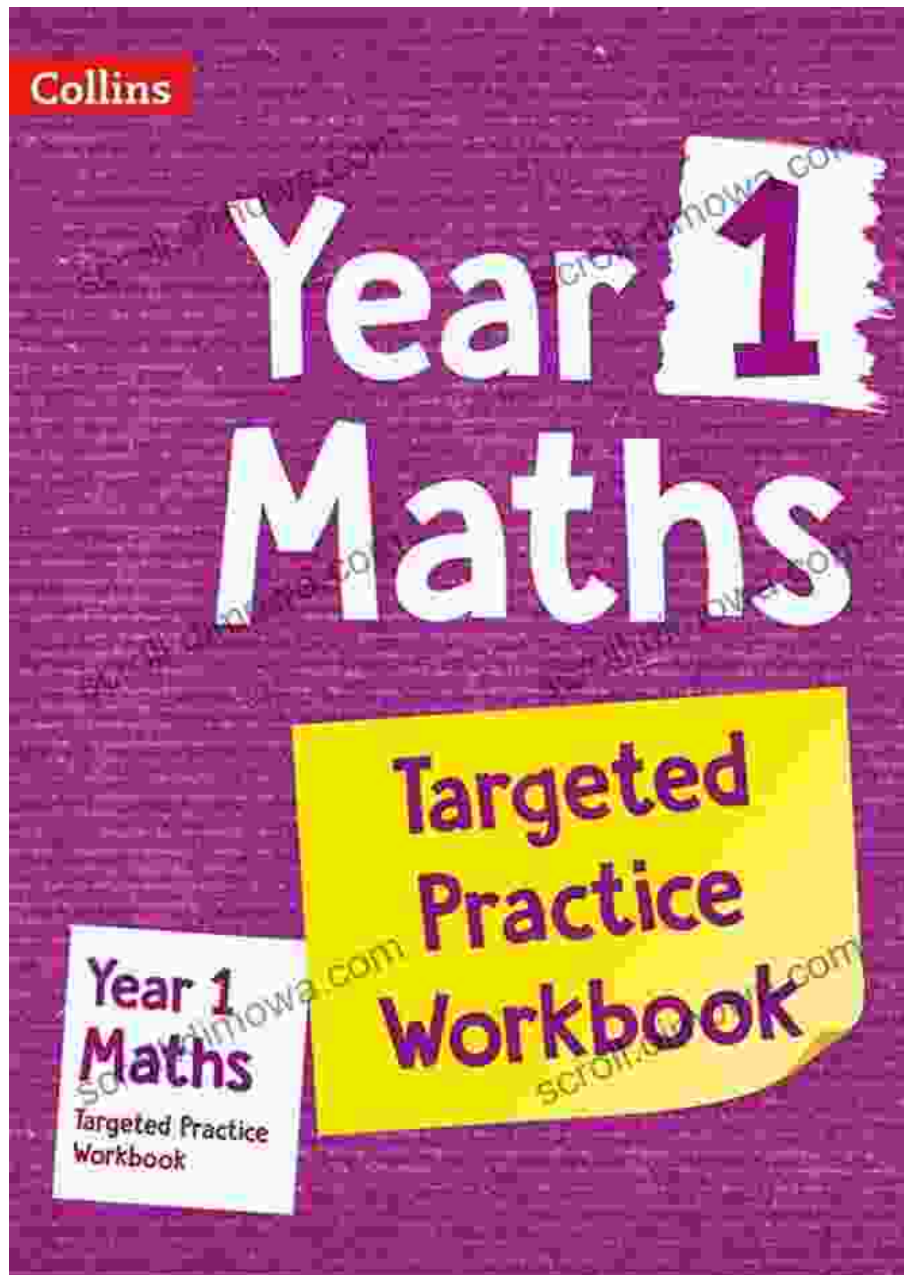

Comprehensive Practice

Each workbook contains hundreds of carefully calibrated questions that provide ample opportunity for practice and consolidation. The questions gradually increase in difficulty, allowing your child to build confidence and mastery at their own pace.

Assessment and Tracking

The workbooks include regular self-assessment sections that allow children to monitor their own progress and identify areas where they need additional support. This self-reflective approach helps them take ownership of their learning.

Benefits for Your Child

* **Strong Maths Foundation:** Develop essential maths skills that will set the stage for academic success. * **Confidence and Fluency:** Regular practice and self-assessment build confidence and fluency in problem-solving. * **Preparation for SATs:** Familiarise your child with the format and style of SATs questions. * **Engaging Learning Experience:** Make maths

fun and motivating with interactive activities and engaging challenges. *

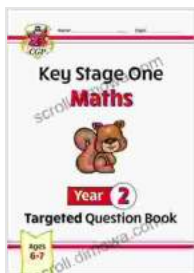

Targeted Support: Focus on specific areas for improvement with year-by-year coverage.

Investment in Your Child's Future

Investing in our New KS1 Maths Year Targeted Question Workbooks is an investment in your child's future. By providing them with the essential maths skills and support they need, you're setting them up for success in their academic journey and beyond.
