This lavishly illustrated volume tells the story of Victoria's life, from her childhood to her coronation, her marriage to Prince Albert, and her long and eventful reign. With over 500 illustrations, including many rare and unpublished images, Victoria Portrait Of Queen is the most comprehensive and visually stunning biography of the queen ever published.

Victoria was born in 1819, the daughter of Prince Edward, Duke of Kent, and Princess Victoria of Saxe-Coburg-Saalfeld. She became heir presumptive to the throne in 1837, when her uncle, King William IV, died without issue. Victoria was crowned queen in 1838, at the age of 18.

Victoria's reign was a time of great change for Britain. The country underwent a period of rapid industrialization and urbanization, and the British Empire expanded to its greatest extent. Victoria was a popular and respected monarch, and she became a symbol of British power and prestige.

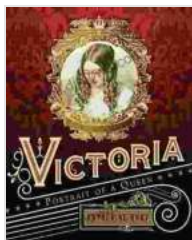

Victoria married Prince Albert in 1840. The couple had nine children, and their marriage was a happy and successful one. Albert died in 1861, and Victoria was devastated by his loss. She never remarried, and she wore black for the rest of her life.

Victoria died in 1901, at the age of 81. She was succeeded by her son, Edward VII. Victoria was a remarkable woman who left a lasting legacy on Britain and the world. She was a devoted mother and grandmother, a dedicated monarch, and a symbol of stability and continuity in a rapidly changing world.
